Address: Viimankatu 2, 33900 Tampere

Parking

The nearest parking zone is about 100 meters from Villa Härmälänranta. A parking permit is required to park there. You can print it yourself from last page of this document. You can also ask for one from our staff. You're supposed to put it on top of your dashboard, so it's visible through the windshield. Please note, that there is space for only about a dozen cars.

How to get here by bus?

Busses 1, 11 and 65 stop on the nearest bus stop “Valmetinkatu” which is within the same public transit zone as the city center. The bus fare is 3,50 € from the driver or 3 € using the mobile app. You can find schedules and a journey planner here: <https://reittiopas.tampere.fi>

The screenshot shows the Reittiopas mobile application interface. At the top, the app name "Reittiopas" is displayed in a blue header, along with language options (FI, SV, EN) and a notification icon. Below the header, the screen is divided into a left sidebar and a main map area. The sidebar, titled "Itinerary suggestions", shows the start and end points: "Keskustori, Tampere" and "Viimankatu 2, Tampere". It also includes a section for "I'm traveling by" with icons for bus, walking, bicycle, and car. Below this, there are controls for the departure time (12:44), date (Today), and a "Leaving at" dropdown menu. The main map area displays a blue route line connecting the two points, passing through the city center. Two specific bus routes are listed in the sidebar:
